*Key Club International Trustee*

## A QUICK NOTE

Hello Eastern Canada, Pennsylvania, and Montana districts of Key Club International! I am Alex Drahos, your International trustee. I am beyond privileged to serve you all this year. As your International trustee, it is my duty to represent your districts at all International Board events and meetings. Additionally, I act as a liason for your districts by maintaining constant contact with each district board. For the next year, I am here to support and lift up not only your district board, but every local chapter and member in your districts.

If you have any questions, concerns, or suggestions regarding your district, Key Club International, or my duties, please contact me at any time!

## ABOUT ME

I hail from a small city in Iowa. My school has roughly 2,500 students attending it. This upcoming year I will be a junior. I have one sister and three brothers and, as stated previously, two dogs! While Key Club is a large part of my life, I also participate in orchestra, musical theatre, political happenings, student council, and more! I love gummy candy, specifically Swedish Fish. On most days you can find me at my local Target or playing basketball with friends!

## INTERNATIONAL DUTIES

As a member of the Key Club International Board, I have the honor to serve on two committees. This year, I will be working on the Global Outreach and Executive Committees. The Global Outreach Committee will focus on producing translated material and strengthening districts-in-formation. The Executive Committee's directives include reviewing bylaws and policies, creating a new strategic plan, and more. The International Board will also be focusing on creating subsidies for International Convention, revamping marketing and branding, and developing Truly International, among other things.
